

Earworm

(By Sean McCollough)

Chorus:

It's an earworm. It's not a wiggly worm
It's not a squirmy worm. It's just another term
For a song stuck in your head
Uh-oh, uh-oh Uh-oh, uh-oh Uh-oh, uh-oh

I was listening to the radio
when I heard a song I did not know
But it sounded so familiar right away
It had one of those super catchy tunes
and I knew that pretty soon
I'd be singing that song night and day

An earworm can be your favorite song,
but even that is oh so wrong
Cause too much of a good thing,
well, you know what they say
Or maybe it's the worst song you've ever heard,
words so bad that it's just absurd
But songs like this they just won't go away

Chorus

Everywhere you go it follows you around,
when you open your mouth out comes that sound
You're driving everyone crazy,
pretty soon you won't have any friends
You can try to get it out of your head
by listening to something else instead
But you better watch out or it will start all over again

Chorus
